

Petition Wholefoods to end the sale of rabbit meat in their stores!

To:

Wholefoods Corporation,

Please do not sell rabbit meat in Wholefoods Northern California Region stores. Bunny rabbits are the 3rd most popular household pet in America. They are loving companion animals just like dogs and cats who bond with their humans and their mates for life! Rabbits have individual personalities, show affection and want to be a part of the family.

Sincerely,

[Your name]
